ALBION COLLEGE - ALBION, MICHIGAN

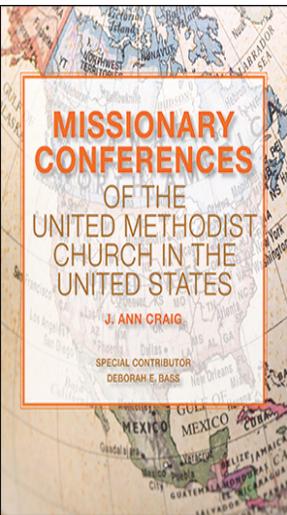

**Living as a Covenant Community** This study examines major covenants throughout the Bible and what they reveal about God's character and eternal love for us. It will enhance your understanding of how God works with us, in us, and through us. Study Leader: Rev. Deborah Johnson

**Climate Justice - A Call to Hope and Action** This study invites you to understand climate justice, which means setting right our relationships with each other and the earth. Climate injustice is the result of climate change. The study will challenge you to see what needs to happen for climate justice to become a reality in the world today. The church needs to model a way of doing it differently. This will entail focusing more powerfully on the environment, but also asking hard questions regarding profit, a growing economy, our independent way of thinking and our understanding of efficiency.

**Missionary Conferences of the United Methodist Church in the United States** The aim of this study is to give an overview of the three missionary conferences in The United Methodist Church, the contexts out of which they grew and their current engagements: The Alaska United Methodist Conference, Red Bird Missionary Conference, and the Oklahoma Indian Missionary Conference are a hybrid of home and international missionary work. What does the future look like for these conferences? Broad-ranging conversations are taking place around this question. The General Board of Global Ministries and the missionary conferences are exploring best operational and structural options for maximizing mission and ministry going forward in these unique locations. These dialogues, different in each case, have begun and will take place across the 2017-2020 quadrennium. The objective is mutuality in mission partnership and collaboration, which provides the heartbeat of all productive mission within the United Methodist connection. Study Leader: Rev. Julie Yoder Elmore
