

Love Links

Love Links are links to a chain. They cost **\$1.00**. This chain hung up at annual conference on the balcony in the Fine Arts Center.

Love Links is a fundraiser that supports the conference youth service fund. Love Links are sold by youth for the conference as well as national youth ministries.

Youth Service Fund

What is the DREAM?

Each year, United Methodist Youth from all across the United States pledge money and participate in fund-raisers to benefit this important youth mission fund. The Youth Service Fund is more than simply raising money. The Youth Service Fund is a commitment made by United Methodist Youth to serve those in need in their communities, across the United States, and around the world.

The Youth Service Fund is an opportunity to witness to the transforming love of Jesus Christ. Through the Youth Service Fund, youth are able to reach out and make a difference that they may never see in the lives of those whom they may never meet. By supporting the Youth Service Fund, you support vital projects and programs for needy youth.

How is the money

spent?

The money raised for the Youth Service Fund supports projects at the annual conference and national levels of the United Methodist Church. On both levels, the Youth Service Fund projects are carefully selected by a committee of youth and adults that work with youth. Each project must address the needs of **youth** in a concrete and effective manner.

70% of the money raised goes to support projects within your annual conference. 30% of the money goes to the National Youth Ministry Organization of the United Methodist Church to support projects across the United States and in foreign countries.

How to receive money for your Youth Ministry?

Are you looking for funds to create or continue a youth ministry?

All you have to do is go to the West Michigan Conference website and look up the YSF application. (The applications should be updated annually, but if this does not happen the past years application will also be accepted.)
